## **PEERS Social Skills Groups**

### **for Neurodiverse Individuals**

We're doing it again! By popular demand, we will again be offering classes using the wonderful PEERS curricula from UCLA. This evidence-based program was specifically designed for teens and young adults, and focuses on the typical interactions these students have with their peers. We love this curricula because it is 'real' – how to informally greet someone with a "S'up?", how to tell jokes, how to enter and leave a conversation, and much more. In short, it's the equivalent of 'conversational social skills' as opposed to 'text book social skills' – how young people actually interact.

The course is 14 weeks long, and has a parent component to scaffold the work the teens and young adults are doing. This year, we will be conducting the parenting component via webinar, to make it easier for busy parents to attend sessions, or view sessions at a later date if they miss.

Dates and times are listed below. All new clients must be screened for goodness of fit for our groups. Interested parents and young adults should contact [megan@evolibri.com](mailto:megan@evolibri.com) to set up a free intake.

#### **↳ PEERS Teen**

PEERS Teen is for neurodiverse individuals ages 14-19, and will run on Thursday evenings from 7 until 8:30 pm, starting January 18, 2018 and run through April 26. We will take February 22<sup>nd</sup> off for President's Day week.

#### **↳ PEERS Parents**

Concurrent enrollment for parents in the PEERS Parents component will run every other Wednesday evening virtually via webinar from 7:00-8:00 pm. Details will follow on enrollment.

#### **↳ EvoClub**

During enrollment in PEERS, participants are able to attend all scheduled EvoClubs for their age group.

# EvoLibri PEERS Registration Form

Classes will be held at EvoLibri's office except as noted, and will be run by Caroline Rains, LMFT. A \$200 deposit per class is **required** to hold your space, and the remainder is due no later than one week before the program starts.

Student's Name:		Age:	School:	Grade:
