Get Busy and Have Fun! **LifeLaunch & Springboard**

Looking for something for your neurodiverse tweens, teens and young adults to do this summer? We have the programs!

LifeLaunch Program (ages 16-22):

Transition Skills with a twist!

Our **new** two-week program for older teens and young adults will change the way young adults do summer. Drawing on our exceptional curriculum, this program will combine:

- Independent living instruction (meal prep, financial literacy, wellness)
- Executive functioning instruction (planning ahead, organizing)
- Pre-employment skills (resumes, interviewing skills, volunteering)
- Emotional regulation and stress management
- Social connection with peers
- Mobility training/experience using public transportation

...along with a whole lot of FUN, and a day out for older teen/young adult entertainment – which the group will decide on!

Springboard Program (ages 12-15):

Executive Functioning for School!

We're going to get your kids ready for back to school by going over:

- Executive functioning strategies
- Backpack checks
- Planner essentials
- Staying calm and de-stressed
- Study skills refreshers

...as well as getting up at an earlier time to prepare for their first day of school. But – it's not all work! We'll also be having fun with cooking, games and activities, and a day out to play!

EVO LIBRI LifeLaunch and Springboard Program Registration Form

Classes will be held at EvoLibri's office and led by EvoLibri Staff. Programs developed by Jan Johnston-Tyler, MA and staff. A \$200 deposit per class is **required** to hold your space, and the remainder is due no later than one week before the program starts.
