Late Diagnosed Autistic (LDA) Group

Finding your neurokin!

This group is designed for late diagnosed Autistic adults (self or formally diagnosed). The group is led and created by a late-diagnosed AuDHD (Autistic + ADHD) therapist (Teresa Koro, AMFT #149294, supervised by Angelique Bagley, LMFT, #37081) who draws from lived and clinical experience. Goals include connecting like-minded folks, improving sense of belonging, and supporting you in living an authentic Autistic life. Each week will cover specific topics related to navigating life in a neurotypical world by combining psychoeducation with space for processing.

Topics may include:

- Communication and Rejection
- Sensitivity Dysphoria
- Accommodations
- Executive Functioning
- Burnout
- Masking
- Special Interests

How to Connect!

All classes have a maximum of 8:1 student to teacher ratio and are offered in virtual format. We screen all new participants for goodness of fit, free of charge. Here's how to get started:

- **Already an EvoLibri client?** Contact your provider for information, and we'll get you set up.
- **Not an EvoLibri client yet?** Please send an email to programs@evolibri.com and we'll set up an intake session prior to registration.
- **School district wanting to refer students?** Please contact us at intake@evolibri.com
