EvoClub Social and Support Groups

for Neurodivergent Individuals and Families

EvoLibri Consulting hosts clubs and activities for older teens, young adults, and adults, as well as their families, who are neurodivergent – primarily with ASDs, but also with other similar challenges such as mood disorders, social anxiety, and learning challenges.

All of our social, support, and skills-based activities can be found at www.evolibri.com/events and are open to all EvoLibri clients. New members are also welcome. If under 18, they must confirm registration with a parent or guardian. If you would like more info before attending, contact us at programs@evolibri.com, and please indicate that it is for EvoClubs!

- **EvoClub Young Adult (16-25):** Friday evenings, EvoLibri hosts the social club designed for neurodivergent young adults! With video game competitions, a smorgasbord of table top games (board, rpg, and cards), monthly movie nights, and more, EvoClub is the space to hang and chill with peers. To RSVP, you will need to create a free MeetUp account. Then go to www.evolibri.com/events for registration details.
- **Network for Autistic Professionals:** This online group meets once a month to discuss issues that autistic employees face in the workplace, including self-advocacy, career development, social skills, and more. Active job seekers may also attend. Registration is not needed, and you can find the Zoom link at www.evolibri.com/events. Generally held the third Tuesday of each month.
- **Parenting Beyond 18:** Once a month, EvoLibri sponsors a support group of parents who have (or will have) adult children who will need ongoing support beyond 18. To RSVP you will need to create a free MeetUp account. Then go to www.evolibri.com/events and register based on calendar dates.

New participants should contact programs@evolibri.com for a free intake or more information.
